This year marks the 11th anniversary of the Northeast Hospital Foundation's In the Pink of Health luncheon fundraising event. In the Pink has been the premiere breast cancer luncheon in the Lake Houston area, allocating funds towards Project Mammogram, and other programs sponsored by the foundation. Project Mammogram provides screening and diagnostic mammograms to qualifying men and women - a price can not be placed on supporting those at risk or living with cancer in our community.

We are thrilled about this year's event, which will take place Friday, October 19, 2018, in the Grand Ballroom of the Houston Airport Marriott at George Bush Intercontinental Airport. As in the past, the success of our raffle exclusively depends on generously donated items from businesses and individuals like YOU to be included in our bid board and raffle. Our raffle and bid board are very popular and raised over \$20,000 last year and we need your help to make our 11th year have the most impact yet!

A Raffle Commitment Form is attached; please complete and contact us by phone or email noted below. Commitments must be made by Friday, August 31, 2018. Raffle donation items are due no later than Friday, September 28, 2018. We are happy to schedule pick up of your donated items.

We thank you for your consideration and look forward to having your support in empowering our community as a donor to In the Pink 2018. With your help, we anticipate a beautiful and successful event!

Sincerely,

Kelly Paull
